

## REALview Report Access

### Viewing the REALview reports

Connexions gives the Admin the ability to allow either a role or a specific user to view the REALView report.

#### These configs apply to the following views/tabs

- Appraisal Details Page > File Section
- Appraisal Review Queue
- Underwriter Review Queue

Those roles/users not configured to view the REALView will not see the link but will see a PDF version of the report when the order has transitioned to completed status.

1. Login to CONNEXIONS.
2. Click Admin tab.
3. Click System Configuration tab.
4. Platinum Data Configurations.
5. Role Can Preview REALView Report **Default will be 0 = Everyone.**
6. User Can Preview REALView Report - **Default will be blank.**
